3. All bags are counted and stamped and bundled in groups of 50 bags. You are responsible for keeping track of the number of bags sold. This is how you are charged for use of the building and for supplies.
4. You must follow the exact recipe at all times. Only use the all-in-one packages of oil, popcorn and salt provided. Do not bring in other oil or popcorn supplies. This is to ensure a consistent, quality product.
5. The original popcorn machine is for display only. The power is shut off.
6. Due to Northeast Colorado Health Department Regulations, other than the popcorn, only sealed, pre-packaged products can be sold. You may sell cans or bottles of soda or bottles of water. Individually packaged ice cream products are permitted as well as candy bars, chips, coffee, hot chocolate and tea may be sold. You will need to supply your own pots, cups, napkins, etc.

10. After closing for the day, take out the carpet runners and vacuum up all popcorn and dirt on floors and wipe up any spills on the floor. Wipe down all counters, put all popcorn oil and salt back in cupboards. Wash windows. Leave the building as clean as you found it. You will need to furnish your own cleaning supplies. It is recommended to bring a container of hot soapy water to use to clean with. There is no sink in the building due to health department regulations.
11. Turn off all lights and the popcorn machine when leaving (including the Open sign light). To lock the front window, you must use the dowel in the window track. Remember to lock the doors.
