APPROVAL OF MINUTES FROM PREVIOUS SESSION – Commissioner Sonnenberg moved to approve the minutes of the February 11, 2025 Work Session as corrected. Commissioner Yahn seconded, and the motion carried, 3-0.

REVISIONS TO THE WORK SESSION AGENDA – There were no revisions.

REVIEW BUSINESS MEETING AGENDA – There were no revisions.

CENTRAL SERVICES BUILDING CARPET PROJECT - Rick Cullip reported that the carpet project at the Human Services offices is going very well. The bulletproof windows installation is complete and adds an extra layer of protection. They are finishing up with the trim, drywall touchup and paint. The new carpet looks nice.

There is one meeting room, the Columbine Room, which he forgot to include in the bid which needs new carpet also. He will put together a purchase requisition to approve new carpet for that room. The installers are already mobilized and it's just a matter of putting together the bid and purchase requisition. Carpet is available. There are no other issues or concerns.

There being no further business to come before the Board, the meeting was adjourned at 9:07 a.m.
