

April 16, 2025

It is with mixed feelings that I submit my resignation as a Logan County Commissioner effective April 30, 2025.

Logan County has been my family's home for six generations and I have been honored to serve the people of Logan County. The best government is the government closest to the people. Helping my neighbors as well as the county employees solve problems has been humbling over the last two years and I will miss that.

I have been blessed with the opportunity to serve and advocate for agriculture. The White House has appointed me to serve as the Executive Director of Colorado's Farm Service Agency in the US Department of Agriculture. With this appointment I will be able to utilize my leadership skills and experience to lead the Colorado ag industry and be their liaison to both President Trump and Secretary of Agriculture Rollins.

I will be eternally grateful for the support and trust that my family and the good people of Logan County have given me over the last two decades as an elected official and public servant. I will continue to work at building that support and trust for farmers and ranchers all across Colorado.

A vacancy committee will be convened the first part of May to select a replacement to fill the rest of my term as a commissioner.

Sincerely,

Jerry Sonnenberg
Logan County Commissioner
