

LOGAN COUNTY LANDFILL
SOLID WASTE DEFINITIONS, EXPLANATIONS & FEE SCHEDULE

Effective July 1, 2019

DEFINITION OF TERMS:

Municipal Solid Waste (MSW):

As defined by the US EPA, “municipal solid waste” (MSW) includes waste generated from residential, commercial and institutional (ex. schools and prisons) sources. (Does NOT include “Industrial Waste” produced by the same sources.)

Sources & Typical Examples of MSW:

Residential, single & multi-family homes:

Old newspapers, clothing, packaging, cans/bottles, food scraps & yard trimmings.

Commercial, Offices, retail & wholesale stores, restaurants:

Old corrugated containers (OCC), office papers, yard trimmings, food scraps, disposable tableware & cans/bottles.

Institutional, Schools, libraries, hospitals & prisons:

Office papers, books/magazines & cafeteria wastes.

Industrial, (packaging & administrative but NOT process waste); OCC, plastic film, office paper & cafeteria waste.

INDUSTRIAL WASTE:

As defined by the US EPA, “**Industrial solid waste**” includes all non-MSW sources of waste such as construction and demolition debris (ex. concrete, asphalt, roofing, lumber, drywall), coal ash, contaminated soils, oil field waste, water treatment plant solids, agricultural/factory generated waste and other industry specific waste, such as railroad ties from the railroad, mattresses from motels/prison, grain from elevators, fencing from farmers/ranchers, etc. **INDUSTRY SPECIFIC.**

CONSTRUCTION AND DEMOLITION DEBRIS (C&D):

As defined by the US EPA, “**Construction & Demolition (C&D) Debris**” refers to waste that is generated during the construction, remodeling, repair, or demolition of buildings, bridges, pavements and other structures. C&D debris includes, wood, concrete, asphalt, lumber, steel girders, steel rods, wiring, carpet, drywall, window glass, metal and plastic piping, tree stumps, soil, and other miscellaneous items related to the activities listed above, from any source. This category also includes natural disaster debris.

NOTE:

All Logan County Landfill users who transport solid waste that originated in other counties shall have the duty to report the origin of the solid waste to the Landfill attendant at the time of initial weighing to insure that proper fees are paid. Users who fail to make the required disclosure, at the time of initial weighing and prior to unloading, shall be charged a \$100.00 surcharge per load in addition to the usual fees that are otherwise payable. Use of the Logan County Landfill by any person or business to deposit out-of-county solid waste constitutes that user’s agreement to pay the regular user fees, and the surcharge, if disclosure is not made as required above. All Commercial Waste Haulers hauling waste in Logan County must obtain from the Logan County Commissioner’s Office an annual county license for commercial transportation of waste.
