## Independent Auditors' Report

To the Board of County Commissioners<br>Logan County<br>Sterling, Colorado

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Logan County (the County) as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of December 31, 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The other supplementary information, the schedule of expenditures of federal awards, as required by the Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and the local highway finance report are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information, the schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and the local highway finance report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information, the schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and the local highway finance report are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

#### Abstract

In accordance with Government Auditing Standards, we have also issued our report dated July 9,2013 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the County's internal control over financial reporting.

## LOGAN COUNTY, COLORADO

## MANAGEMENT'S DISCUSSION AND ANALYSIS

#### Abstract

The Management's Discussion and Analysis for Logan County offers readers a narrative overview and analysis of the County's financial activities for the fiscal year ended December 31, 2012. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the financial statements and notes to the financial statements.

## FINANCIAL HIGHLIGHTS

$>$ The assets of the County exceeded its liabilities at the close of 2012 by $\$ 46,068,368$. Of this amount, $\$ 8,807,071$ may be used to meet the County's ongoing obligations to its citizens and creditors.
> The County's total net position increased by $\$ 3,101,649$ for the current year.
> As of December 31, 2012, the County's governmental funds reported combined ending fund balances of $\$ 10,713,196$, an increase of $\$ 418,394$ in comparison with the prior year.
> Unassigned fund balance for the General Fund was $\$ 4,119,430$ at December 3!, 2012.
> The Logan County mill levy is 29.868 mills.

## OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to Logan County's Basic Financial Statements. The Basic Financial Statements contain three components: government-wide financial statements, fund financial statements, and notes to the financial statements. In addition, this report contains other Required Supplementary Information, a Supplemental Information section that presents combining statements for non-major governmental funds (along with actual and budget comparison schedules) and its single enterprise fund.

The basic financial statements include two kinds of statements that present different views of the County:
> The first two statements are government-wide financial statements that provide both long-term and short-term information about the County's overall financial status.
> The remaining statements are fund financial statements that focus on individual parts of the County government, reporting the County's operations in more detail than the government-wide statements.

- Governmental Fund statements tell how general government services like judicial, public safety, health and welfare, auxiliary services, culture and recreation and public works were financed in the short-term as well as what remains for future spending.
- Proprietary Fund statements offer short-term and long-term financial information about the activities of the Logan County Justice Center Finance Corporation.
- The Fiduciary Fund statement provides information about Agency Fund assets held by the County which is acting solely as a trustee of agent for the benefit of others, to whom the resources belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. In addition to these required components, a section is included with combining and individual fund statements that provide further detail about our non-major governmental funds described as special revenue funds, each of which are added together and presented in single columns in each of the basic financial statements, as well as our single enterprise fund.

## GOVERNMENT-WIDE STATEMENTS

The government-wide statements report information about the County as a whole using accounting methods similar to those used by private-sector companies.
The statement of net position includes all of Logan County's assets and liabilities with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Logan County is improving or deteriorating.

The statement of activities presents information showing how Logan County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses reported in this statement for some items will result in cash flows in future fiscal periods.

The government-wide financial statements of the County are divided into two categories:
$>$ Governmental activities: Most of the County's basic services are included here, such as general government, judicial, public safety, health and welfare, auxiliary services, culture and recreation and public works. Property taxes, sales and use tax and State and Federal grants finance most of these activities.

P Business-type activities: Logan County Justice Center Finance Corporation charges the County on an annual basis for the lease of the Justice Center.

## FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the County's most significant funds, not the County as a whole. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes.
$>$ Some funds are required by state law and by bond covenants.
> The County Board of Commissioners establishes other funds to control and manage resources for particular purposes (i.e. Lodging Tax Fund, TV Translator Fund, Conservation Trust Fund, Ambulance Fund) or show that certain taxes and grants are used appropriately (i.e. Special Revenue Funds).

The County has three kinds of funds:
$>$ Governmental funds: Most of the County's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed shortterm view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided on the subsequent page of the governmental funds statement that explains the relationship (or differences) between the two types of statements. Logan County adopts an annual appropriated budget for all funds. A budgetary comparison statement has been provided for all funds to demonstrate compliance with this budget.
$>$ Proprietary funds: Services for which the County charges customers a fee are generally reported in the proprietary funds. Proprietary funds, like the government-wide statements, provide both long-term and short-term financial information.

- The County's Enterprise Fund is classified as a business-type activity on the govemment-wide statements, but more detailed information is provided in the Proprietary Fund Statements, such as its cash flows. This is the Justice Center Fund.
$>$ Fiduciary funds: The County is the trustee, or fiduciary, for the Treasurer's Fund. The Treasurer, by statute, collects and distributes all property tax revenues to other County funds and local governments. The County is responsible for ensuring that the assets reported in this fund are used for their intended purpose. All of the County's fiduciary activities are reported in a separate statement of fiduciary net position. These balances are excluded from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

Notes to the financial statements -

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 29 of this report.

## FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Net position. As discussed earlier, net position may serve as a useful indicator of a government's financial position. As of December 31, 2012, the County's net position was $\$ 46,068,368$.

Total net position for the County increased $\$ 3,101,649$. Total net position for the governmental activities alone increased $\$ 2,244,222$ while the business-type activities increased $\$ 857,427$.

TABLE 1

| Restricted for debt service |  | - |  | - |  | 1,278 |  | 1,278 |  | 1,278 |  | 1,278 |
| Unrestrieted |  | 7,319 |  | 7,382 |  | 1,488 |  | 1,090 |  | 8,807 |  | 8.471 |
| Total net position |  | 38,315 |  | 36,071 |  | 7.753 |  | 6,896 |  | 46,068 |  | 42,967 |
| Total liabilities and net position | \$ | 50,531 | \$ | 42,909 | \$ | 17,793 | \$ | 17,839 | \$ | 68,324 | \$ | 65,748 |

Description of net position is as follows:

| $\circ$ | Net investment in capital assets | $\$ 35,062,849$ |
| :--- | :--- | ---: |
| $\circ$ | Restricted for emergencies | $\$ 30,028$ |
| $\circ$ | Restricted for public safety (E911) | $\$ 32,311$ |
| 0 | Restricted for culture and recreation (Consv Trust Fund) | $\$ 58,109$ |
| $\circ$ | Restricted for debt service | $\$ 1,278,000$ |
| 0 | Unrestricted | $\$ 8,807,071$ |

Other restricted nct position represents resources that are subject to external restrictions on how they may be used. Included in this category are unspent proceeds for TABOR emergency funds of $\$ 530,028$.

Investment in capital assets (land, buildings and equipment) is 76\% of Logan County's net position. Logan County uses these capital assets to provide services to citizens; consequently these assets are not available for future spending.

In addition, a portion of Logan County's net position ( $4.77 \%$ ) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position ( $\$ 8,807,071$ ) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of 2012 , Logan County is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate Govermmental and Business-type Activities.

## Changes in net position

The County's total revenue of $\$ 24,295,315$ was more than program expenses of $\$ 21,193,666$ for an increase in net position of $\$ 3,101,649$.

## Changes in net position (in thousands)

## FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

Govermmental funds Overview. Logan County uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements. As described earlier, the County's governmental funds provide information on short-term inflows and outflows, as well as what remains for future spending. Such information is useful in assessing the County's financing requirements. For example, unreserved fund balance may serve as a useful measure of a govermment's net resources available for spending at the end of the fiscal year.

At the end of 2012, Logan County reported a combined fund balance of $\$ 10,713,196$. This amount was $\$ 418,394$ more than 2011. Of the total combined fund balance, approximately $\$ 4,119,430$ consists of unassigned fund balance, the portion of fund balance which serves as a measure of current available financial resources.

The restricted fund balance represents resources not available for spending or those on which legal restrictions have been placed. The County's restricted fund balance makes up $\$ 920,448$ of the combined total and includes the following:
$>$ Restricted for emergencies
$>$ Restricted for public safety
$>$ Restricted for culture and recreation
\$ 530,028
\$ 332,311
\$ 58,109

General Fund. This is the primary operating fund of Logan County Government. It accounts for many of the County's core services such as law enforcement, Assessor, Clerk \& Recorder, Treasurer, and Planning \& Zoning. As the county's major operating fund, the General Fund accounts for ordinary operating expenditures financed primarily by property taxes, sales and use tax and charges for services. The General Fund completed the year with a fund balance of $\$ 4,689,653$. This was an increase of $\$ 654,323$ from the previous year's fund balance of $\$ 4,035,330$ primarily due to unanticipated revenue from wind farm development, increased assessed value, redistribution of mill levy between funds, and conservative spending practices.

Road \& Bridge Fund. The Road and Bridge Fund is mandated by state statutes. This fund accounts for costs related to County road and bridge construction and maintenance of the same. Revenue is generated by property taxes, sales tax, highway user's tax and other services for fees. Road \& Bridge ended 2012 with a fund balance of $\$ 2,331,257$ which is a decrease from 2011 of $\$ 42,636$ due to increased operating needs.

Department of Human Services Fund. This fund is also state mandated. It accounts for monies received from property taxes and state and federal grants expended for the local share of many Federal and State public welfare programs. The Department of Human Services fund balance in 2012 is $\$ 850,186$ which is an increase of $\$ 56,417$ from the prior year of $\$ 793,769$ and primarily due to conservative spending practices and increase in property tax revenues.

## PROPRIETARY FUNDS OVERVIEW

A proprietary fund is used to account for activities similar to those found in the private sector where determination of net income is necessary or useful to sound financial administration. Logan County has only one proprietary fund which is the Logan County Justice Center Finance Corporation. The County's proprietary fund statements provide the same type of information found in the government-wide statements, but in more detail. The proprietary fund statements start on page 26.

## BUDGETARY HIGHLIGHTS

Over the course of the year, the Board of County Commissioners revised the County's budget twice due to the receipt of unanticipated revenue - once for the receipt of revenue for digitizing Clerk information, and a second time for the receipt of ADA grant, E911 funding for GIS, and Sheriff overtime contracted for specific events. Reasons for amending the budget are:

- Supplemental appropriations to increase revenue and expenditure accounts due to the receipt of unanticipated grant revenue.
- Unanticipated expenses from fund balance.

## CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets. Logan County's investment in capital assets for its governmental and business-type activities as of December 31,2012 , amounts to $\$ 45,231,939$ (net of accumulated depreciation). This amount includes a broad range of capital assets, including land, buildings, equipment, improvements and other infrastructure.

Logan County remains committed to the upkeep and maintenance of the County's largest assets. More detailed information about the County's capital assets is presented in table 3 and in Note $E$ to the financial statements.

TABLE 3

Long-term debt. The County had $\$ 12,652,150$ in debt outstanding at year-end 2012 . Detailed information about the County's long-term debt is presented in Table 4 and Note $F$ to the financial statements.

TABLE 4

## Long-term debt (in thousands)

## SIGNIFICANT ISSUES

In November of 2000 Logan County voters approved a one-half of one percent ( $0.5 \%$ ) sales and use tax for the purpose of purchasing land and constructing a Justice Center to include County and District Courts, District Attomey Offices, Probation Offices, Sheriff Department and Jail. Certificates of Participation were issued for the funding of the construction. August of 2003 Logan County Justice Center was completed. The sales and use tax can only be used for repayment of the Certificates of Participation. October 2010 the Certificates of Participation were refinanced allowing the Jail facility to be free of debt and reduces repayment on the Justice Center facility by 5 years to final payment in December 2021.

The County has a 110 bed facility in the Justice Center. The ongoing expense to the County for maintenance and staffing of the facility continues to increase from year to year. Initially, Logan County contracted with United States Federal Prisons to house Federal Prisoners as well as transporting them. These contracts have diminished as more facilities are competing for these prisoners. Agreements with neighboring counties to house their prisoners have been obtained to bring in revenue.

## LONG-TERM FINANCLAL PLANNING

Renovation of the Logan County Courthouse began late in 2003 and expected to be completed in 2013. Logan County was granted $\$ 566,000$ from DOLA and $\$ 458,140$ from the Colorado Historical Society to begin Phase I. DOLA also supplemented $\$ 150,000$ additional to offset the increased expenses due to inflation. In 2006, Phase II was underway and consisted mainly of retroftting HVAC systems and related electrical as well as masonry conservation and partial interior rehabilitation. A new telephone system was installed, and the Commissioners and Finance moved from their temporary offices in the Logan County Annex to the newly remodeled offices on the $2^{\text {nd }}$ floor of the Courthouse March 2008. In 2009 additional grants were awarded to offset costs for Phase II-Part II in the amount of $\$ 242,870$ from the Colorado Historical Society and $\$ 233,898$ from DOLA. Construction on Phase III began in the spring of 2009. The Treasurer, Clerk \& Recorder, and Motor Vehicle Department moved temporarily to the basement as the $1^{\text {st }}$ floor was under renovation. A CHS grant of $\$ 149,000$ was awarded for this project. Phase IV construction began in January 2010 and included the interior finishes of the hearing room, $3^{\text {rd }}$ floor, and various other miscellaneous interior items. Grants for $\$ 410,770$ (CHS) and $\$ 250,000$ (DOLA) were awarded to assist with this phase. CHS awarded a grant of $\$ 35,000$ to enclose mechanical and electrical services in the basement walls and ceiling. The Clerk \& Recorder, Motor Vehicle, Assessor and Treasurer Offices were back in the Courthouse by the close of 2010 with Planning and Zoning returning in 2011. The final phase (Phase V) began construction in 2012 which included exterior renovations of the dome/roofing, siding, painting, east/west stairs, and adding the flag pole back on top of the dome by the summer of 2013. CHS awarded a grant for $\$ 293,477$; however due to state budgetary issues, DOLA was not available for grant funding. A celebration is planned to recognize the completion of the renovation and to raise the newly placed flag on the dome on Flag Day, June 14, 2013. All renovations are required to meet Colorado Historical Society requirements when receiving their grants.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Logan County continues to remain fiscally responsible. In preparing the 2013 budget, the County's assessed value increased $3.3 \%$ from $248,192,340$ to $256,303,620$ allowing $\$ 242,268$ in additional tax revenue. The County sales and use tax increased $29 \%$ with the majority being due to additional wind farm development in the Fleming area.

The adopted 2013 budgeted expenditures decreased $\$ 696,258$ from 2012 as the majority of the Courthouse renovation was completed in 2012 with the finishing touches remaining in 2013. The fairgrounds pavilion project was also completed in 2012 with the stalls being finished in 2013. A grant from the Great Outdoors Colorado grant (GOCO) in the amount of $\$ 181,745$ was obtained for the Fairgrounds project. The final TV translator digital upgrade was also completed in 2012.

## NOTES OF INTEREST

The wind farms in Logan County have been an economic plus to the county, and have provided revenue through property tax, building permits and use tax. They also benefit the local economy through employment opportunities and community growth. Continued expansion of the Fleming wind farm is anticipated in 2013.

In 2012 the Logan County Ambulance Service was in operation for a full year. An Intergovernmental Agreement between Logan County and the City of Sterling was adopted in 201 I with the City of Sterling providing EMT staff and managing the ambulance service with Logan County providing funding through user fees and grants. General Fund set aside $\$ 650,000$ in 2011 for initial funding with the expectations to be eventually repaid. In 2012 the Ambulance Service met expectations of service and funding.

## CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Department, 315 Main, Sterling, Colorado, 80751, or by telephone at (970) 522-0880.

## Basic Financial Statements

The basic financial statements of the County include the following:
Govemment-wide financial statements. The government-wide statements display information about the reporting government as a whole, except for its fiduciary activities.

Fund financial statements. The fund financial statements display information about major funds individually and nonmajor funds in the aggregate for governmental and enterprise funds.

Notes to the financial statements. The notes communicate information essential for fair presentation of the financial statements that is not displayed on the face of the financial statements. As such, the notes are an integral part of the basic financial statements.

## Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities <br> For the Year Ended December 31, 2012

Amounts reported for governmental activities in the statement of activities are different because:

| Net change in fund balances - governmental funds |
| :--- |
|  |
| Capital outlays to purchase or build capital assets are reported in |
| governmental funds as expenditures. However, for governmental |
| activities, those costs are shown in the statement of net position |
| and allocated over their estimated useful lives as annual |
| depreciation expense in the statement of activities. This is the |
| amount by which capital outlays exceeded depreciation and |
| amortization in the current period. |

In the statement of activities, certain operating expenses compensated absences, accrued interest and landfill closure and postclosure care costs - are measured by the amounts incurred or earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).

In the statement of activities, no gain on the sale of land and buildings is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital assets sold.

The issuance of long-term debt debt provide current financial resources in the governmental funds, however, issuing debt increases long-term liabilities in the government-wide statement of net position.

Because some revenues will not be collected for several months after the fiscal year ends, they are not considered "available" revenues in the governmental funds. They are, however, recorded as revenues in the statement of activities.

Payments related to the capital lease obligation are reported as an expenditures in the governmental funds, however, these payments reduces long-term liabilities in the statement of net position and does not result in an expense in the statement of activities.

Change in net position of governmental activities
$\$ 2,244,222$

The accompanying notes are an integral part of these financial statements.

## Note A - Summary of significant accounting policies

This summary of Logan County's significant accounting policies is presented to assist the reader in interpreting the financial statements and other data in this report. The policies are considered essential and should be read in conjunction with the accompanying financial statements.

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to local government units. The Governmental Accounting Standards Board (GASB) is the accepted standardsetting body for establishing governmental accounting and financial principles. The more significant of the County's accounting policies are described below.

## A. 1 - Reporting entity

The financial reporting entity consists of (1) the primary government, (2) organizations for which the primary government is financially accountable and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The reporting entity's financial statements should present the funds of the primary government (including its blended component units, which are, in substance, part of the primary government) and provide an overview of the discretely presented component units. Blended component units, although legally separate entities, are, in substance, part of the County's operations. Discretely presented component units, if any, are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County.

The County has examined other entities that could be included as defined in number 2 and 3 above. Based on these criteria, the Logan County Pest Control District, the E 911 Authority and the Logan County Justice Center Finance Corporation are included in the County's basic financial statements using blended presentation.

## Blended component units

Logan County Pest Control District - A separate legal entity according to Colorado State Statutes, is included in the County's basic financial statements as a special revenue fund. The District is not governed by a separately elected governing body other than the Board of County Commissioners. There are no separately issued financial statements.

E 911 Authority - A separate legal entity included in the County's basic financial statements as a special revenue fund. The Board of County Commissioners appoints the governing board of the Authority. There are no separately issued financial statements.

## Note A - Summary of significant accounting policies (continued)

Logan County Justice Center Finance Corporation - A separate legal entity formed in 2001 for the purpose of financing the acquisition of the Logan County Justice Center. The Corporation is included in the County's basic financial statements as an enterprise fund. The Board of County Commissioners appoints the governing board of the Corporation. There are no separately issued financial statements.

## A. 2 - Fund accounting

The County uses funds to report its financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types."

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked funds (special revenue funds), major capital projects (capital projects fund), and the servicing of general long-term debt (debt service fund). The following are the County's major governmental funds:

General Fund - The General Fund is the operating fund of the County. It is used to account for most of the day-to-day operations of the County which are financed from sales and use taxes, property taxes and other general revenues. Activities financed by the general fund include those of line and staff departments within the County, except for activities of the enterprise funds.

Road and Bridge Fund - This fund records costs related to county road and bridge construction and maintenance. By state law, Colorado counties are required to maintain a Road and Bridge Fund and a portion of road and bridge taxes is allocated to cities and towns for use in their road and street activities.

Social Services Fund - This fund administers social services programs under state and federal regulations. Programs include, but are not limited to, Medicaid, food stamps, foster care programs, senior service programs, job training services, and Temporary Assistance to Needy Families (TANF). Colorado counties are required by law to maintain a Social Services Fund.

Capital Expenditures Fund - This fund is used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds. This fund is financed through a combination of property taxes and state grants.

## LOGAN COUNTY, COLORADO

 Notes to Financial Statements
## Note A - Summary of significant accounting policies (continued)

Proprietary funds focus on the determination of the changes in net assets, financial position and cash flows and are classified as either enterprise or internal service. Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following is the County's major proprietary fund:

Logan County Justice Center Finance Corporation - This fund is used to account for the financing of the construction of the Logan County Justice Center. Financing for the project was provided by the sale of certificates of participation through the finance corporation. Debt service for the certificates of participation will be made from future lease payments and the receipt of sales and use taxes.

Fiduciary funds focus on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, privatepurpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations or other governments and are therefore not available to support the County's own programs. The County has one agency fund.

## Note A. 3 - Basis of presentation

Government-wide financial statements - The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government except for fiduciary funds. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliations with a brief explanation to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function or program of the County's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program.

# LOGAN COUNTY, COLORADO 

Notes to Financial Statements

## Note A - Summary of significant accounting policies (continued)

Revenues, which are not classified as program revenues, are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Fund financial statements - Fund financial statements report detailed information about the County. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources management focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balance, which reports the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations of these funds are included on the statement of net position. The statement of revenues, expenses and changes in fund net position presents increases (revenues) and decreases (expenses) in net total position. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds focus on net position and changes in net position and are reported using accounting principles similar to proprietary funds. The County's fiduciary funds are presented in the fiduciary fund financial statements by type (private-purpose trust and agency). Since by definition these assets are being held for the benefit of a third party and cannot be used to address the activities or obligations of the County, these funds are not incorporated into the government-wide financial statements.

## A. 4 - Basis of accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting.

## Note A - Summary of significant accounting policies (continued)

Revenues - exchange and nonexchange transactions - Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenues are recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, available means expected to be received within sixty days of fiscal year-end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenues from property taxes are recognized in the fiscal year for which the taxes are levied. State equalization monies are recognized as revenues during the period in which they are appropriated. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes collected within sixty days after year-end, interest, tuition, grants and student fees.

Deferred revenue - Deferred revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the County before it has a legal claim to them, as when grant monies are received prior to meeting eligibility requirements. In subsequent periods, when both revenue recognition criteria are met, or when the County has a legal claim to the resources, the liability for deferred revenue is removed and the revenue is recognized.

Expenses/expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

## LOGAN COUNTY, COLORADO <br> Notes to Financial Statements

## Note A-Summary of significant accounting policies (continued)

## A. 5 - Budgets and budgetary accounting

Annual budgets are established for all funds of the County, except for the pension trust funds, as required by its local charter. Budgets for all funds are adopted on a basis consistent with generally accepted accounting principles except for the enterprise fund (Logan County Justice Center Finance Corporation) in which capital and principal retirement expenses are treated as operating expenses and depreciation expense is not budgeted.

An appropriated budget for the entity as a whole is prepared on a detailed basis. Revenues are budgeted by source. Expenditures are budgeted by department and the major divisions thereof and by each independent office and agency and by the principal objects of expenditure. The legal level of control is considered to be at the individual fund level and expenditures may not exceed appropriations at this level. All budget revisions at this level are subject to final review and approval by the Board of County Commissioners. Within these control levels, management may transfer appropriations without the Board of County Commissioners approval. Revisions to the budget were made throughout the year.

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to October $15^{\mathrm{lh}}$, the finance office submits to the Board of County Commissioners a proposed operating budget for the fiscal year commencing the following January $1^{\text {st }}$ for all funds, except agency funds.
- The budget is prepared using the modified accrual basis of accounting.
- Public hearings are conducted to obtain taxpayer comments.
- Prior to December $31^{\text {st }}$, the budget is legally adopted through passage of adoption and appropriation resolutions.

## A. 6 - Encumbrances

Encumbrance accounting is utilized by the County to record purchase orders, contracts and other commitments for the expenditure of monies to assure effective budgetary control and accountability. Encumbrances outstanding at year-end are canceled and reappropriated in the ensuing year's budget.

## A. 7 - Cash and cash investments

The Logan County Treasurer maintains a cash and investment pool that is available for use by all County funds. Each funds' portion of this pool is displayed as "cash and cash investments".

## Note A - Summary of significant accounting policies (continued)

## A. 8 - Cash and cash equivalents

For the purposes of the statement of cash flows, the County considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents.

## A. 9 - Short-term interfund receivables/payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as internal balances on the government-wide statement of net position, and are classified as due from other funds or due to other funds on the balance sheet.

## A. 10 - Receivables

The County has elected the reserve method of accounting for uncollectible accounts receivable. Amounts included in the reserve are based on accounting policies established by the Colorado Department of Human Services. All payments in arrears of social service accounts receivable are included in the allowance for doubtful accounts.

## A. 11 - Inventories and prepaid items

Inventories in the Road and Bridge Fund consist of construction and maintenance supplies and are recorded at the lower of cost or market using the first-in, first-out method. Inventories in this fund are offset by a fund balance reserve which indicates that it does not constitute "available spendable resources" even though it is a component of net current assets.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

## A. 12 - Capital assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the governmentwide statement of net assets, but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective fund financial statements.

## Note A - Summary of significant accounting policies (continued)

All capital assets with a unit cost greater than $\$ 5,000$ are capitalized at cost (or estimated historical cost, if actual cost is not available) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair value on the date received. Improvements to assets are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not.

Infrastructure assets, consisting of certain improvements other than buildings (such as parking facilities, sidewalks, landscaping and lighting systems) have been capitalized on a prospective basis beginning in 2004. In 2007, the County retroactively capitalized its infrastructure assets as provided in GASB Statement No. 34.

All reported capital assets are depreciated with the exception of land costs. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

| Description | Governmental Activities | Business-type Activities |
| :---: | :---: | :---: |
| Buildings | 25-50 years | 25-50 years |
| Equipment | 3-15 years | 5-10 years |
| Improvements other than buildings | $25-50$ years | 25-50 years |
| Infrastructure | 25-50 years | n/a |

## A. 13 - Compensated absences

The County reports compensated absences in accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences." The County has adopted a personnel policy which provides for annual sick and vacation leave.

## Paid Time Off leave

Full-time and part-time employees begin to accrue paid time off leave at the beginning of the first full pay period that they work for the County. Paid time off leave cannot be used in advance of earning it and no paid time off leave may be taken until after the pay period in which it is accrued. Part-time employees accrue paid time off leave on a pro rata basis depending on the number of hours they actually worked during the pay period and their number of years of continuous service with the County. Full time employees accrue paid time off leave for each bi-weekly pay period on the following basis of continuous service:

## Note A - Summary of significant accounting policies (continued)

Years of service
Bi-weekly accrual of hours
Maximum accrual
1-5 years
$6-10$ years
7.5 hours

288 hours
Over 10 years
8.5 hours

324 hours
9.5 hours

360 hours

## Sick Leave Transition Reserve

Employees who had sick leave accrual balance as of July 7, 2008 had their balance rolled over into their own individual Sick Leave Transition Reserve which will be useable only for sick leave purposes only after the paid time off conversion date.

Any employee with a Sick Leave Transition Reserve balance above four hundred hours may purchase eight hours of pay for thirty-two hours of accumulated Sick Leave Transition Reserve or convert thirty-two hours of accumulated Sick Leave Transition Reserve for eight hours of paid time off leave. Under no circumstances shall an employee be permitted to purchase or transfer accumulated Sick Leave Transition Reserve below the four hundred hour accrual amount.

Upon the retirement, resignation or dismissal of any employee with at least ten years of active, continuous employment with the County, the County will grant eight hours of pay for every thirty-two hours of all unused Sick Leave Transition Reserve.

Upon the resignation or dismissal of any employee with less than ten years of active, continuous employment with the County, the County will grant eight hours of pay for every thirty-two hours of unused Sick Leave Transition Reserve between the four hundred and seven hundred twenty hour accrual amounts.

For governmental fund financial statements, the current portion of unpaid compensated absences is the amount expected to be paid using expendable available resources. These amounts are recorded in the account "accrued compensated absences" in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported. In proprietary funds, the entire amount of the compensated absences is reported as a fund liability. The amounts recorded as liabilities for all applicable compensated absences include salary-related payments associated with the payment of compensated absences, using the rates in effect at the balance sheet date.

## Note A - Summary of significant accounting policies (continued)

## A. 14 - Accrued liabilities and long-term obligations

All payables, accrued liabilities and long-term obligations are reported in the governmentwide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, the noncurrent portion of compensated absences and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. Bonds payable and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements until due.

## A. 15 - Net position

Net position represent the difference between assets and liabilities. Net investment in capital assets consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are liabilities imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

## A. 16 - Operating revenues and expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are lease revenues from the receipt of sales and use taxes. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

## LOGAN COUNTY, COLORADO

 Notes to Financial Statements
## Note A - Summary of significant accounting policies (continued)

## A. 17 - Interfund transactions

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. In general, the effect of interfund activity has been eliminated from the government-wide financial statements.

## A. 18 - Extraordinary and special items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the board of county commissioners and that are either unusual in nature or infrequent in occurrence. The County had no items that qualify for reporting as special items.

## A. 19 - Fund balance

The Governmental Accounting Standards Board (GASB) has issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB 54). This Statement defines the different type of fund balances that a governmental entity must use for financial reporting purposes.

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories listed below.

Nonspendable, such as fund balance associated with inventories, prepaid expenditures, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed or assigned),

Restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation,

Committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Board of County Commissioners (the County's highest level of decision-making authority),

Assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed, and

## LOGAN COUNTY, COLORADO Notes to Financial Statements

## Note A - Summary of significant accounting policies (continued)

Unassigned fund balance is the residual classification for the County's general fund and includes all spendable amounts not contained in the other classifications.

Committed fund balance is established by a formal passage of a resolution. This is typically done through the adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund. Assigned fund balance is established by the Board of County Commissioners through adoption or amendment of the budget as intended for specific purpose (such as purchase of fixed assets, construction, debt service or for other purposes).

When both restricted and unrestricted resources are available in governmental funds, the County applies expenditures against restricted fund balance first, and followed by committed fund balance, assigned fund balance and unassigned fund balance.

## Note B-Cash and investments

## Cash and deposits

Colorado State statutes govern the County's deposits of cash. The Public Deposit Protection Acts (PDPA) for banks and savings and loans require state regulators to certify eligible depositories for public deposits. The PDPA require eligible depositories with public deposits in excess of federal insurance levels to create a single institution collateral pool of defined eligible assets. Eligible collateral includes obligations of the United States, obligations of the State of Colorado or Colorado local governments and obligations secured by first lien mortgages on real property located in the state. The pool is to be maintained by another institution or held in trust for all uninsured public deposits as a group and not held in any individual government's name. The fair value of the assets in the pool must be at least equal to $102 \%$ of the aggregate uninsured deposits.

Custodial credit risk - deposits - Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. As of year-end, the County had total deposits of $\$ 12,633,314$, of which $\$ 1,750,000$ was insured and $\$ 10,883,314$ was collateralized with securities held by the pledging institution's trust department or agent in the County's name.

## LOGAN COUNTY，COLORADO

 Notes to Financial Statements
## Note B－Cash and investments（continued）

## Investments

Authorized investments－Investment policies are governed by Colorado State Statutes and the County＇s own investment policies and procedures．Investments of the County may include：
－Obligations of the United States Government such as treasury bills，notes and bonds
－Certain international agency securities
－General obligation and revenue bonds of United States local government entities
－Bankers acceptances of certain banks
－Commercial paper
－Local government investment pools
－Written repurchase agreements collateralized by certain authorized securities
－Certain money market funds
－Guaranteed investment contracts

At year－end，the County had the following investment that was not categorized because it is not evidenced by specific securities due to the nature of the investment pool：

|  | Fair value |  | Investment maturities in years］ |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Investment type |  |  |  | $\begin{aligned} & \text { Less } \\ & \text { than } 1 \\ & \hline \end{aligned}$ |  | 1－5 |  |  |  |
| Investment in Colotrust | \＄ | 1，721，011 | \＄ | 1，721，011 | \＄ |  | － | \＄ | － |
| Government securities |  | 516，049 |  | 516，049 |  |  | － | \＄ | － |
| Totals | 业 | 2，237，060 |  | 2，237，060 | 虫 |  |  | 家 | － |

Interest rate risk－The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing rates．

Credit risk－State law limits investments in commercial paper，corporate bonds，and mutual bond funds to the highest rating from at least on nationally recognized rating agency at the time of purchase．At year－end，the County＇s investments in Colotrust and government securities were rated AAA by Standard and Poor＇s．The County has no investment policy that would further limit its investment choices．

The following table provides a reconciliation of cash and cash investments on the statement of net assets：

## LOGAN COUNTY, COLORADO

 Notes to Financial Statements
## Note B-Cash and investments (continued)

\[

\]

## Note C-Receivables

Receivables at year-end consist of the following:

|  | Governmental Activities |  | Business-type$\qquad$ |  | Total Receivables |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Property taxes | \$ | 7,922,290 | \$ | - | \$ | 7,922,290 |
| Accounts |  | 899,157 |  | 240,927 |  | 1,140,084 |
| Grants |  | 168,606 |  | - |  | 168,606 |
| Due from other entities |  | 132,440 |  | - |  | 132,440 |
| Total | \$ | 9,122,493 | 䛬 | 240,927 | \$ | 9,363,420 |

Property taxes are levied on December $15^{\text {th }}$ and attach as a lien on property the following January $1^{\text {st }}$. They are payable in full by April $30^{\text {th }}$ or are due in two equal in stallments on February $28^{\mathrm{Lh}_{\mathrm{h}}}$ and June $15^{\mathrm{t}}$. Logan County bills and collects property taxes for all taxing entities within the County. The tax receipts collected by the county are remitted to the County in the subsequent month.

## Note D - Interfund transactions

| Transfers In | Transfers Out | Amount |  |
| :---: | :---: | :---: | :---: |
| General Fund | Other Governmental Funds | \$ | 80,000 |
| Other Governmental Funds | General Fund |  | 20,000 |
| Totals |  | \$ | 100,000 |

## Note D - Interfund transactions (continued)

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them. The County annually transfers funds from the General Fund to the Fair Fund to provide support for the annual Logan County Fair. The current year transfer was in the amount of $\$ 20,000$. The County also transferred $\$ 80,000$ from the Television Translator Fund to the General Fund as the digital conversion project has been completed and a substantial fund balance is no longer needed.

## Note E-Capital assets

Capital asset activity for the year was as follows:

|  | Beginning Balance | Additions/ Adjustments | Deletions/ Transfers | Ending Balance |
| :---: | :---: | :---: | :---: | :---: |
| Governmental activities |  |  |  |  |
| Capital assets, not being depreciated: |  |  |  |  |
| Land | \$ 689,500 | \$ 31,056 | \$ | \$ 720,556 |

## Note E - Capital assets (Continued)

Depreciation expense was charged to programs of the primary government as follows:

## Governmental activities

General government
Public safety
Health and welfare
\$ 184,460

Auxiliary services 258,050 49,793

Culture and recreation 33,278

Public works 73,647

Total governmental activities
\$ $\mathbf{~ \$ 1 , 7 1 0 , 7 1 8}$

## Business-type activities

Justice Center $\quad \$ 443,339$

## Note F - Long-term debt

The following is a summary of the changes in long-term debt for the year:

|  |  | Beginning Balances | Additions |  | Reductions |  | Ending <br> Balances |  | Due within one year |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Governmental activities |  |  |  |  |  |  |  |  |  |  |
| Landfill closure and postclosure | \$ | 1,376,377 | \$ | 97,568 | \$ | - | \$ | 1,473,945 | \$ |  |
| Capital lease obligation-vehicles |  | 120,580 |  | 130,865 |  | $(125,548)$ |  | 125,897 |  | 82,338 |
| Capital lease obligation-equipment |  | - |  | 54,938 |  | (19,796) |  | 35,142 |  | 16,868 |
| Capital lease obligation-renovation |  | 140,359 |  | - |  | $(140,359)$ |  | - |  |  |
| Compensated absences |  | 1,031,504 |  | - |  | (22,389) |  | 1,009,115 |  | - |
| Total | \$ | 2,668,820 | 亚 | 283.370 |  | (308,091) | \$ | 2.644,099 | \$ | 99.206 |

The compensated absences attributable to the governmental activities will be liquidated primarily by the General Fund. The County believes that the current portion of compensated absences is negligible and is therefore not reported.

|  | Beginning Balances | Additions | Reductions | Ending Balances |  | ue within ne vear |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Business-type activities |  |  |  |  |  |  |

## Landfill closure and postclosure care costs

The Governmental Accounting Standards Board has adopted Statement No. 18, Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs, which provides guidance for the accounting and financial reporting of these closure and postclosure care costs. State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date.

## Note F - Long-term debt (Continued)

The $\$ 1,473,945$ reported as landfill closure and postclosure care liability at year-end represents the cumulative amount reported to date based on 87 percent usage of the estimated capacity of the landfill. The County will recognize the remaining estimated cost of closure and postclosure care of $\$ 221,494$ as the remaining estimated capacity is filled. The estimated total current cost of the landfill closure and postclosure cost $(\$ 1,695,439)$ is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor and maintain the landfill were acquired at year-end. Closure and postclosure costs are estimated to be $\$ 1,273,394$ and $\$ 422,045$, respectively. The County expects to close the cell in the year 2018. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The County is required by state and federal laws and regulations to demonstrate financial assurance. The County is in compliance with these requirements through the local government financial test.

## Capital lease obligation-telephone system

In May 2012, the County entered into an agreement with Kansas State Bank of Manhattan to finance a lease obligation. The lease proceeds are to be used to purchase and install a telephone system at the justice center building. The agreement calls for a lease term of two years. Annual payments of $\$ 19,797$ are due June 1 of each year, with a final payment due in June 2014. The average interest rate over the lease term is $8.2 \%$. The capital lease obligation is secured by the telephone system owned by the County. The cost of the telephone system capitalized with this lease is $\$ 54,938$.

## Capital lease obligation-vehicles

In May 2011, the County entered into an agreement with Kansas State Bank of Manhattan to finance a lease obligation. The lease proceeds are to be used to purchase four vehicles by the Sheriff's department. The agreement calls for a lease term of two years. Annual payments of $\$ 43,859$ are due May 20 of each year, with a final payment due in May 2013. The average interest rate over the lease term is $5.6 \%$. The capital lease obligation is secured by the four vehicles owned by the County. The cost of the vehicles capitalized with this lease is $\$ 124,721$.

In April 2012, the County entered into an agreement with Kansas State Bank of Manhattan to finance a lease obligation. The lease proceeds are to be used to purchase four vehicles by the Sheriff's department. The agreement calls for a lease term of two years. Annual payments of $\$ 46,500$ are due April 27 of each year, with a final payment due in April 2014. The average interest rate over the lease term is $6.75 \%$. The capital lease obligation is secured by the four vehicles owned by the County. The cost of the vehicles capitalized with this lease is $\$ 130,865$.

## Note F - Long-term debt (continued)

The following is a schedule by years of future minimum lease payments under the capital leases above, together with the present value of the net minimum lease payments at yearend:

Year ended December 31.

$$
2013
$$

2014
Total minimum lease payments
Less amount representing interest
Present value of future net minimum lease payments

Debt service requirement
\$ 110,155
66,296
176,451
15,412
$\$ \quad 161,039$

## Certificates of participation

The certificates of participation were issued by the Logan County Justice Center Finance Corporation (the Finance Corporation) to finance the construction of the Logan County Justice Center. Underlying the certificates is an annually renewable lease, subject to annual appropriation, entered into between the County and the Finance Corporation. The certificates and the interest thereon are payable solely from annually appropriated base rentals to be paid by the County under the lease.

## Prior year defeasance of debt

In prior years, the County defeased certain certificates of participation by placing the proceeds of new certificates of participation in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased certificates of participation are not included in the County's financial statements. At year-end, $\$ 15,165,000$ of certificates of participation outstanding are considered defeased.

## LOGAN COUNTY, COLORADO <br> Notes to Financial Statements

## Note F - Long-term debt (continued)

Neither the certificates nor the lease constitute a general obligation indebtedness of the County or a multiple-fiscal year County debt or other financial obligation within the meaning of any Colorado Constitutional or statutory provision. The lease payments made by the County to the Finance Corporation will be equal to the annual debt service requirements of the Finance Corporation.

A summary of annual requirements to repay the certificates of participation is as follows:

| Year ended December 31, | Principal | Interest |  | Total |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| 2013 | \$ 1,030,000 | \$ | 378,750 | \$ | 1,408,750 |
| 2014 | 1,070,000 |  | 358,150 |  | 1,428,150 |
| 2015 | 1,115,000 |  | 326,050 |  | 1,441,050 |
| 2016 | 1,160,000 |  | 292,600 |  | 1,452,600 |
| 2017 | 1,225,000 |  | 257,800 |  | 1,482,800 |
| 2018-2021 | 5,220,000 |  | 513,400 |  | 5,733,400 |
| Total | \$10,820,000 | \$ | 2, 126,750 |  | 12,946,750 |

A reserve fund of $\$ 1,278,000$ is required and is included in the Logan County Justice Center Finance Corporation.

## Note G - Risk management

The County is a member of the Colorado Counties, Inc, insurance pools as described below:

## Colorado Workers' Compensation Pool

The County is exposed to various risks of loss related to injuries of employees while on the job. The County joined together with other counties in the State of Colorado to form the County Workers' Compensation Pool (CWCP), a public entity risk pool currently operating as a common risk management and insurance program for its workers' compensation insurance coverage. The County's financial contribution for the year was $\$ 236,672$. The intergovernmental agreement of formation of the CWCP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention, which is determined each policy year. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

## LOGAN COUNTY, COLORADO <br> Notes to Financial Statements

## Note G-Risk management (continued)

## Colorado Counties Casualty and Property Pool

The County is exposed to various risks of loss related to property and casualty losses. The County joined together with other counties in the State of Colorado to form the Colorado Counties Casualty and Property Pool (CAPP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County's financial contribution for the year was $\$ 189,608$. The intergovernmental agreement of formation of the CAPP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention, which is determined each policy year.

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; claims relating to professional liability; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There has been no significant reduction in insurance coverage from the prior year in any of the major categories of risk.

## Note H - Pension plans

The County contributes to the Colorado County Officials and Employees Retirement Plan (the Plan), a cost-sharing, multiple-employer defined contribution plan administered by the Colorado County Officials and Employees Retirement Association (CCOERA). The Plan was established by the State Legislature under Title 24, Article 54 of the Colorado Revised Statutes (CRS), as amended, in order to provide benefits at retirement to employees and officers of the County. At year-end, there were 177 plan members. Plan members are required to contribute at a rate of $4 \%$ of covered salary. The County is required to contribute $4 \%$ of covered payroll. In accordance with the provisions of the Plan, the County and its employees and officers each contributed $\$ 272,345$ to the Plan during the year. Plan provisions and contribution requirements are established and may be amended under Title 24, Article 54, Part 101 of the CRS, as amended. CCOERA issues a publicly available anmual financial report that includes financial statements and required supplementary information for the Plan. That report may be obtained by writing to CCOERA, 4949 South Syracuse, Suite 400, Denver, Colorado 80237 or by calling (303) 713-9400 in the Denver metro area, or 1-800-352-0313 from outside the metro area.

## Note I - Deferred compensation plans

The County has a deferred compensation plan created in accordance with the lnternal Revenue Code Section 457. The plan is administered by an independent plan administrator through an administrative service agreement. The plan is available to all County employees working a minimum of twenty hours per week. Employees defer a portion of their salary until future years. Deferred compensation is not available to employees until termination, retirement, death or financial hardship.

Amendments to the laws governing Section 457 deferred compensation plans substantially became effective January 1, 1997. The County approved plan amendments such that plan assets are held in trust for the exclusive benefit of the plan participants and their beneficiaries. The assets will not be diverted to any other purpose.

## Note $\mathbf{J}$ - Joint venture

The County participates in the Colorado Counties, Inc. Insurance Pool (the Pool). This joint venture does not meet the criteria for inclusion within the reporting entity because the Pool:

- is financially independent and responsible for its own financing deficits and entitled to its own surpluses,
- has a separate governing board from that of the County,
- has a separate management which is responsible for day to day operations and is accountable to the separate governing board,
- governing board and management have the ability to significantly influence operations by approving budgetary requests and adjustments, signing contracts, hiring personnel, exercising control over facilities and determining the outcome or disposition of matters affecting the recipients of services provided, and
- has absolute authority over all funds and fiscal responsibility including budgetary responsibility and reporting to state agencies and controls fiscal management.

The County has one member on the board. This board has final authority for all budgeting and financing of the joint venture.

Separate financial statements of the Colorado Counties, Inc. Insurance Pool are available by contacting their administrative office in Denver, Colorado.

## Note K - Commitments and contingencies

## Federal and state funding

The County receives revenues from various federal and state grant programs which are subject to final review and approval by the grantor agencies. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

## Note K - Commitments and contingencies (Continued)

## TABOR Amendment

In November 1992, Colorado voters passed an amendment, commonly known as the Taxpayer's Bill of Rights (TABOR), to the State Constitution (Article X, Section 20) which limits the revenue raising and spending abilities of state and local governments. The limits on property taxes, revenue, and "fiscal year spending" include allowable annual increases tied to inflation and local growth. Fiscal year spending as defined by the amendment excludes spending from certain revenue and financing sources such as federal funds, gifts, property sales, fund transfers, damage awards, and fund reserves (balances). The amendment requires voter approval for any increase in mill levy or tax rates, new taxes, or creation of multi-year debt. Revenue earned in excess of the "spending limit" must be refunded or approved to be retained by the County under specified voting requirements by the entire electorate. In 1997, the voters of the County approved a ballot initiative permitting the County to retain, appropriate, and utilize, by retention for reserve, carryover fund balance, or expenditure, the full proceeds and revenues received from every source whatsoever, without limitation, in this fiscal year and all subsequent fiscal years notwithstanding any limitation of Article X, Section 20 of the Colorado Constitution. TABOR is complex and subject to judicial interpretation.

The County believes it is in compliance with the requirements of TABOR. However, the County has made certain interpretations of TABOR's language in order to determine its compliance. The County has restricted funds in the General Fund and the Pest Control Fund in the amount of $\$ 530,028$ in satisfaction of this requirement.

## Contingent liabilities

The County is a defendant in various threatened or pending legal action for property damages and other miscellaneous claims. The ultimate liability that might result from the financial resolution of these matters is not presently determinable. Adequate insurance is carried to cover actual damages in most cases. Management and legal counsel are of the opinion that the final outcome of the claims will not have a material adverse effect on the County's financial statements.

## LOGAN COUNTY, COLORADO Notes to Financial Statements

Note L-Reconciliation of budgetary and non-budgetary items
The following are reconciliations of the budgetary basis with the basis used for financialreporting of expenses and net assets in the Logan County Justice Center FinanceCorporation:
Expenses reported under the budgetary basis of accounting ..... \$ $1,434,262$
Deduct principal paid on certificates of participation ..... $(995,000)$
Deduct interest paid on certificates of participation in excess of amounts incurred ..... $(1,658)$
Add amortization on bond discount, premium and issuance costs charged to interest expense ..... 109,909
Add depreciation ..... 443,339
Expenses reported under the basis of accounting used for financial reporting ..... $\$ \quad 990,852$
Net assets reported under the budgetary basis of accounting ..... $\$ 2,648,143$
Add capital assets, net of depreciation ..... 14,994,886
Add issuance costs on certificates of participation, net of amortization ..... 149,757
Add deferred amount on refunding, net of amortization ..... $1,153,295$
$(31,563)$
Deduct accrued interest payable ..... (10,820,000)
Deduct premium on certificates of participation, net of accretion ..... [443,005]
Net assets reported under the basis of accounting used for financial reporting \$ 7,753,172

## Other Supplementary Information

Other supplementary information includes financial statements and schedules not required by the Governmental Accounting Standards Board, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- General Fund - Schedules of Revenues and Expenditures Budget and Actual
- Road and Bridge Fund - Schedules of Revenues and Expenditures Budget and Actual
- Social Services Fund - Schedules of Revenues and Expenditures Budget and Actual
- Capital Expenditures Fund- Schedules of Revenues and Expenditures Budget and Actual
- Combining Statements and Schedules of Revenues and Expenditures Budget and Actual Nonmajor Governmental Funds
- Schedules of Revenues and Expenditures Budget and Actual - Enterprise Fund

This page intentionally left blank.

## General Fund

The General Fund accounts for all transactions of the County not required to be accounted for in other funds. This fund represents an accounting of the County's ordinary operations financed primarily from tax dollars and intergovernmental aid. It is the most significant fund in relation to the County's overall operations. The schedules of revenues and expenditures are included to provide a greater level of detail to the reader of the financial statements.

## Road and Bridge Fund

The Road and Bridge Fund records costs related to County road and bridge construction and maintenance. By State law, Colorado counties are required to maintain a Road and Bridge Fund and a portion of road and bridge taxes is allocated to cities and towns for use in their road and street activities.

## Social Services Fund

The Social Services Fund administers social service programs under state and federal regulations. Programs include, but are not limited to, Medicaid, Food Stamps, foster care programs, senior service programs, job training services, and Temporary Assistance to Needy Families (TANF). Colorado counties are required by state law to maintain a Social Services Fund.

## Single Audit Section

In July 1996, the Single Audit Act Amendments of 1996 (the Act) was signed into law. As a result of the new Act, the Office of Management and Budget issued a revision to Circular A-133 titled Audits of States, Local Governments, and Nonprofit Organizations. This Circular was finalized and released in June 1997. The following schedules and reports are included in the County's financial statements in accordance with the requirements of the Act.

# LOGAN COUNTY, COLORADO Notes to Schedule of Expenditures of Federal Awards For the Year Ended December 31, 2012 

## Note A-Basis of presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Logan County, Colorado and is presented on the modified accrual basis of accounting. The information in the schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

# Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards 

To the Board of County Commissioners<br>Logan County<br>Sterling, Colorado

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Logan County, Colorado (the County), as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated July 9, 2013.

## Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting to determine audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Independent Auditors' Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by OMB Circular A-133 

To the Board of County Commissioners<br>Logan County<br>Sterling, Colorado

## Report on Compliance of Each Major Federal Program

We have audited Logan County, Colorado's (the County) compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2012. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

## Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

## Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the County's compliance with those requirements.

## Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct material effect on each major federal programs for the year ended December 31, 2012.

## Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on the internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify and deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
