According to Lusk, businesses of any size and private, nonprofit organizations may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory, and other business assets. These loans cover losses that are not fully covered by insurance or other recoveries.

For small businesses, small agricultural cooperatives, small businesses engaged in aquaculture, and most private, nonprofit organizations of any size, SBA offers Economic Injury Disaster Loans to help meet working capital needs caused by the disaster. Economic Injury Disaster Loan assistance is available regardless of whether the business suffered any property damage.

Disaster loans up to \$500,000 are available to homeowners to repair or replace damaged or destroyed real estate. Homeowners and renters are eligible for up to \$100,000 to repair or replace damaged or destroyed personal property, including personal vehicles.

Interest rates can be as low as 4 percent for businesses, 2.375 percent for private nonprofit organizations and 2.5 percent for homeowners and renters with terms up to 30 years. Loan amounts and terms are set by SBA and are based on each applicant’s financial condition.

Interest does not begin to accrue until 12 months from the date of the first disaster loan disbursement. SBA disaster loan repayment begins 12 months from the date of the first disbursement.
