

POLICY REGARDING OPEN RECORDS REQUEST

Revised November, 2017

Public Records

Logan County is committed to the principle of open and accessible government. As such, we commit to fulfill every request for public records as efficiently and expeditiously as possible and within the requirements established by the Colorado Open Records Act, C.R.S. 24-72-201 et seq. ("CORA")

The following procedures are intended to facilitate requests for public records responsibly and efficiently, to maintain the integrity of the County's records, and to ensure the effective functioning of County departments. This policy and applicable provisions of Colorado statute concerning disclosure of records are subject to interpretation by the Logan County Attorney. Requests for comment or for information not contained within existing County records should be directed to the County Public Information Officer.

Request for Public Records

Requests for records must be directed to the designated custodian of records for the particular County department that holds the records. Contact information for the various County offices and departments is available on the County's website. General emails to the County or inquiries on the County website or social media sites will not be treated as record requests. Open records requests should be submitted in writing on the County's records request form, which is available on the County website and in the various county offices.

Prior to submitting a records request, please check the County website to determine whether the records sought are already available online.

All requests must contain the following information:

- The name and preferred contact information for the requesting party.
- A description of the records sought. Please describe as specifically as possible, including applicable date ranges and source of information if known.
- Preferred method of delivery. (Email, regular mail, in-person inspection, etc.).

Responses to Request

The records custodian for each office is responsible for responding to the request to requesting party in a timely manner. The requesting party will be notified if the requested documents are not available or if the records are not covered by CORA.

If review of original documents is requested, the records custodian may impose certain procedures to protect the integrity of the public record, including supervision by a County employee within the area where the records are stored and/or maintained. The records custodian may also establish a designated area or schedule for a particular time of day so as to not unduly disrupt the day-to-day activities of that specific office or department.

Request received after the close of business will be considered to be received on the next business day.

The County will comply with the reasonable response timelines set forth in CORA. Every attempt will be made to fulfill open records requests within three (3) working days. If the request cannot be filled within three working days, the requestor will receive notice that additional time, up to seven (7) additional working days, will be necessary.

Fees Charged

Logan County seeks to meet public information requests in the most economical fashion possible. The fees charged by Logan County departments will be consistent with the provisions of CORA.

Standard fees for records requests include copy charges, research and retrieval time, and actual costs associated with fulfilling the request. Research and retrieval time may include, but is not limited to: actual costs involved in the gathering of documents, costs associated with specialized IT support, and staff time required to perform research, locate, retrieve, and review records, and create or run records in electronic or digital format. The nature of the request dictates the potential fees and costs incurred.

Pursuant to C.R.S. 24-72-205(6), effective August 12, 2014, there is no charge for the first hour of time for research and retrieval of records.

The County may require payment of the estimated fees prior to any staff time being expended on responding to the request. Requesting parties will be responsible for any actual costs incurred in excess of the deposit and will be reimbursed for any estimated costs that are not actually incurred.

Requests that require IT staff to search email or other electronic records will require a minimum deposit of \$100.00 when IT estimates that the search will take longer than five hours of staff time.
